

DO YOUR MOB - Bologna 4.12.2019

Social Impact of the Learning Mobility: thinking about the future!

Scuola Centrale Formazione promotes every year the event **Do Your MOB**, a **meeting totally dedicated to learning mobility and to European programs**. The event was launched in 2012 in Veneto and this year Scuola Centrale Formazione will realize its **8th edition**. As in the tradition the event sees the participation of all networks and partners whom SCF is connected at EU and international level. The event has seen every year the collaboration of the Italian National Agency Erasmus Plus and since 2015 the active participation of the DG Employment and Social Affairs.

Do Your MOB focuses every year on a specific aspect of the mobility. This year the topic SCF would like to promote is **the "IMPACT" of the mobility**, presenting the research about the social impact who is funded by the Ministry of Labour in Italy and it is part of the strategy of internationalization of Scuola Centrale for the next years.

As we live the ending phase of the present program Erasmus Plus 2014 - 2020 SCF thinks that it is important to analyse what has been done and which kind of orientations, directions and implementations we should undertake in the next future within the new framework of Erasmus and of all EU mobility programs.

For this reason in **2019 Scuola Centrale Formazione** has implemented a **project of research** about the **"social impact" of the learning mobility** within the framework of its own experience (Mobilities since 2001 of young people and VET staff, Leonardo da Vinci, LLP, Erasmus Plus, VET Charter has arrived in 2015 (TOP receiver in Italy), MOVE initiatives within the ESF of the Region Veneto; More that 300 mobilities every year since 2014; Development of tools and methodologies to apply ECVET, to do Quality Mobilities, and to make real recognition of the mobility within the formal learning pathway; Framework of Soft Skills in mobility.

Scuola Centrale Formazione received the VET Mobility Charter in 2015 in the framework of the Erasmus Plus program 2014 - 2020

Do your MOB 2019

Program

Wednesday 4.12.2019

Bologna - Via Marsala 12

The **Do Your MOB program** aims to:

- Analyze what has been achieved and what are the expectations of the **next European programming**;
- Examine the **impact of mobility**, comparing existing studies, measurement models and examining possible indicators for the future;
- **Launch a reflection on the impact of mobility** in the more articulated framework of IVET systems (apprenticeship, joint qualifications, integrated mobility).

The **results of the research** (end 2019) promoted by Scuola Centrale Formazione and conducted by **AICCON** (University of Bologna study center), will be important to focus new objectives, to dialogue in a strategic way with all the involved stakeholders, to direct and adjust mobility activities for the next future.

The Do Your MOB program has two sessions:

Morning (9.30 - 13.00)

INTERNATIONAL SEMINAR in which institutional interventions, scientific interventions and various European testimonies are planned.

Afternoon (14.00 - 17.00)

2 parallel **WORKSHOP**

DOYOURMOB is

Over 100 presences every year
